

BGIET NEWS

Aug'20- July'21

DIRECTOR'S DESK

It gives me immense pleasure to extend heartfelt greetings to the esteemed readers of **"BGIET NEWS"**. The Bhai Gurdas Institute of Engineering & Technology in Sangrur is renowned for its student-centered approach with a global viewpoint, open and healthy environment, and innovative thinking. Building a new cadre of international professionals involves the utilization of all of our Institute's resources. The BGIET campus is constantly bustling with a variety of events and has evolved into a vibrant setting where creative minds from all over the world congregate and exchange their enormous reservoirs of knowledge and skills.

Prof. (Dr.) Tanuja Srivastava
Director

The COVID-19 pandemic was a significant challenge since it made it impossible to educate in a classroom. At BGIET, we have embraced blended and hybrid learning to keep students interested. Various platforms, including Microsoft Team, Google Classroom, and Google Meet, were utilized for lectures, assignments, quizzes, webinars, exams, and extracurricular activities, all of which were a great success.

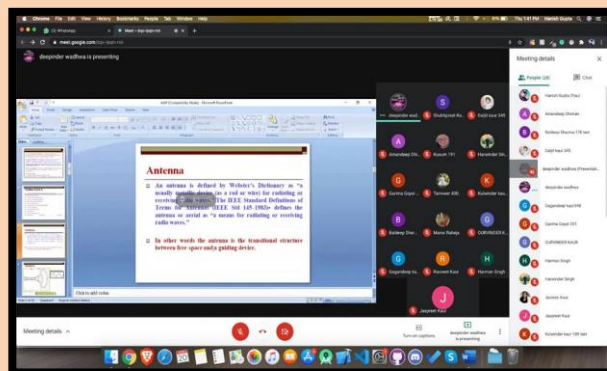

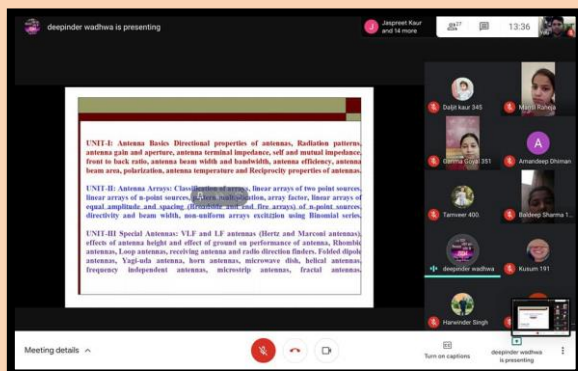

At BGIET, we place a high priority on helping students develop their interpersonal and intrapersonal abilities through programmes that focus on soft skills, aptitude, personality, career development, and entrepreneurship. A newsletter acts as a mirror, giving readers a clear view of all the events and activities that an institute sponsors. I am sure that by giving readers more exposure, this newsletter will have a favorable effect on their thoughts. I extend my congratulations to the whole editorial staff for their devotion and labour of love that went into the stunning publication of the current edition. I am also appreciative of the instructors, support staff, and well-behaved students at our college who are committed to academic excellence, which is one of our main goals. This quarterly issue is intended to provide every one of us a fresh start and enlighten us with hope, confidence, and faith for the future.

Best wishes

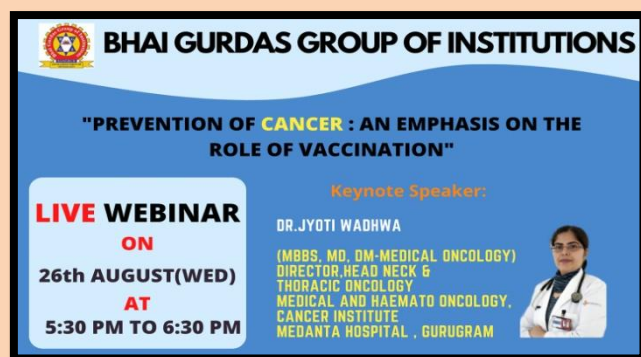

INSTITUTIONAL ACTIVITIES

Virtual Online Classes For New Session

With the commencement of another academic year session 2020-2021, BGIET welcomes students of previous batches i.e. 3rd, 5th and 7th semesters for online virtual classes with great zeal and zest to unveil the beginning of new session. Students are enjoying and very much excited for the new concept of online education after a long period of lockdown and are very enthusiastic about this.

Webinar on Prevention of Cancer

To spread awareness among public regarding use of vaccine in prevention of cancer, BGIET in collaboration with GET-WELL ONCOLOGY Pvt. Ltd. has organized a webinar on " PREVENTION OF CANCER: An Emphasis on The Role of Vaccination" on 26th August, 2020 at 5:30 pm to 6:30 pm sharp.
