

**BGIET**  
**Department Of Food Technology**

Volume 2 / Issue 6

**Mission**

- To impart basic knowledge in the area of food science, food processing and safety.
- To inculcate in-depth knowledge of Food Engineering and Technology with an ability to analyze, evaluate, design, create and integrate existing and new knowledge.
- To equip and enable students with conceptual, technical and managerial skills to transform the organization and society.
- To serve people, society and nation with utmost professionalism, values and ethics to make development sustainable and quality of life.

**Vision**

To achieve excellence in quality education, competent technologist, innovation and entrepreneurship that will benefit globally food processing sector and society.

Strength does not come from winning. When you go through hardships and decide not to surrender, that is strength

Don't take rest after your first victory because if you fail in second, more lips are waiting to say that your first victory was just luck.

1. Loveneesh singh (1801721) FT-8<sup>th</sup> Sem.
2. Harpreet Kaur (1801781) FT-8<sup>th</sup> Sem.

## FROM THE HOD'S DESK

I am happy to note that the Department of Food Technology is releasing its Newsletter enumerating the various activities and achievements of our faculty and students. The department endeavors to produce confident professionals tuned to real time working environment. The department offers excellent academic environment with a team of highly qualified faculty members to inspire the students to develop their technical skills and inculcate the spirit of team work in them.

Er. Syed Insha

## **FROM THE EDITOR'S DESK**

We are pleased to share with you the second issue of the newsletter for the month of Jan to June, 2022 (2021-22). I would also like to take this opportunity to thank the contributors of the newsletter and faculties for their constant support in making this newsletter a success. We wish to engage and encourage more experts working in the regulatory domain to share their contribution. If you would like to discuss any questions or feedback, please contact the author.

**Republic Day**

On January 26, 1950, the Constitution of India was signed and India was declared a republic. It's a day, which every Indian is proud of. With the same pride the 73rd Republic Day of India was celebrated on January 26, 2022, at Bhai Gurdas Group of Institutions (BGGI), by its faculty, staff and students.

The event started with the ceremony of hoisting the Indian National Flag by Dr. Tanuja Srivastava, Director (BGGI). After the ceremony, Director Ma'am addressed the students and reminded everyone of the responsibilities they have on their shoulders to make the country proud, even with small actions. She also stressed that we all must respect our environment and make every possible effort to keep it clean and healthy for living. It's important that we sustain what we have received from our forefathers and add glories to it. We all must work together without any self-motive. With this, she urged everyone to plant a tree that they will remember and recognize, whenever they come back to the campus.

After a small tea break, parallel matches of cricket and football were played by the students, staff and faculty of BGGI. Overall the college celebrated the Republic Day with full zeal.

**International Conference on “International Congress of Food Technology”**

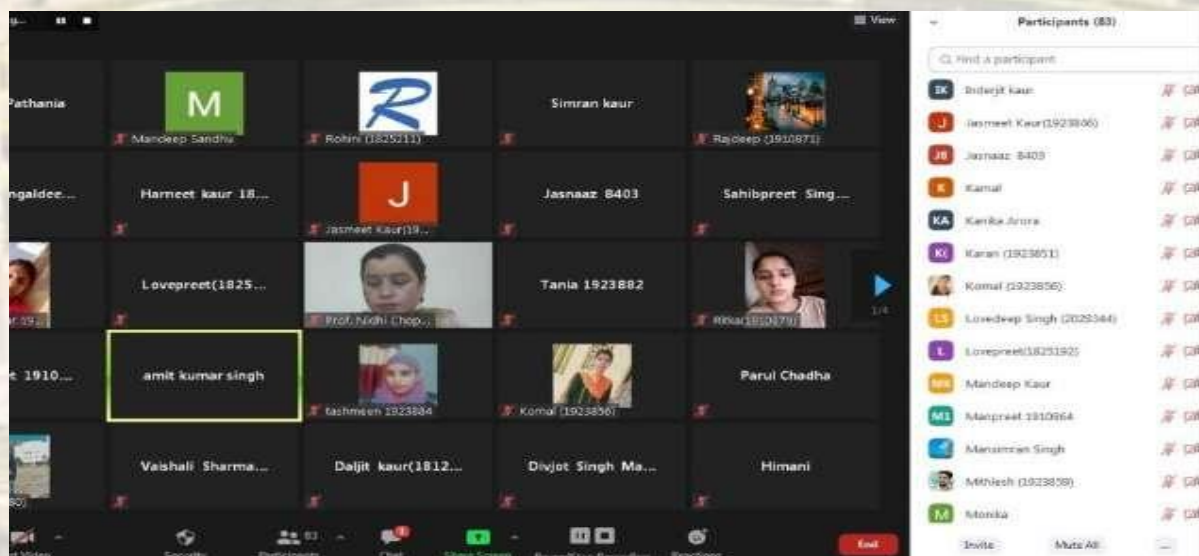

The 6<sup>th</sup> International Conference on Food and Nutrition coordinately invited all the Nutritionist, Dieticians, Professors, Deans, Scientist, Researchers, Research Scholars, Health experts, Delegates, Industrialists and Students which was held on February 8, 2022 with the theme entitled “A Novel approach to the Innovation and Invention in Food and Nutrition Science”. Current advancement and research within the field of food science and nutrition will be shared which delivers extensive knowledge, novel ideas, and experience to the participants from the experts in the field. This global conference also discuss the trends, concerns, practical challenges came across and the solutions.

**Online Workshop on “International Online Hands on Workshop on Data Analysis Using R- programming”**

Faculty of Food Technology, Bhai Gurdas Institute of Engineering and Technolgy, Sangrur organized an online workshop on international online hands on workshop on data analysis using R- programming , which was held on March 03, 2022. The event was attended by the all the faculties of BGGI. Er. Swati Priyadarshi and Er. Amandeep Kaur were the organizing secretary under the leadership of Dr. Insha Rafiq, HOD Food Technology.

R (<http://www.r-project.org/>) is a Free/Libre and Open Source Software (FLOSS) - a well-organized and sophisticated package - that facilitates data analysis, modeling, inferential testing, and forecasting. It is a user- friendly software that allows the creation of new function commands to solve statistical problems. It runs on various UNIX platforms (and similar systems such as LINUX), Windows, and Mac OS X. R is one of the most preferred open-source languages for analytics and data science.

**Blood Donation Camp**

A blood donation camp was organized in the month of April 5, 2022 by the Food Technology department to motivate students to donate blood and social works. The purpose of blood donation camp was to select a suitable donor whose blood will be safe to the recipient and who himself shall not in any way be harmed by blood donation. Blood donation is our duty to spread awareness & humanity in the world donating some amount of blood can save a person's life hence worthy blood donation is act of life giving & lifesaving act.

**Sports Meet**

Sports give an opportunity to develop physical skills and to remain healthy and active, which is most important for our mind, body and spirit. Sports meet was organized by Department of Food Technology on May 27-28 2022. Team sports are good for learning accountability, dedication, and leadership, among many other traits. Through sports encouragements we can engage children for developing mental and physical strength, discipline and practice required to excel, help them gain confidence which leads towards a self-control, self-esteem & honest generation.
